**1.6.389**
**a Lesson in the University of The New Covenant**
Theodore Cottingham October 5, 2008 1:41am.
www.NewCovenant.me

1. The new me is me, now -- finally! I make my way into the world, not; out of it, as a man of, it not that I was, but I was of another world -- and so are you, like me, one from another place not knowing it until I am I am reveals unto I am, that I am he that sent me, is me finally here!!! *SEE what I mean!* -- I made with my own hands, not; but I surrendered into love-hands here that I handle these words; so gently with, not; I eat them, rearrange them to say things they don't mean, not; but arranging in subject order so that many can see what I have said regarding certain terms and lights coming on the not few me are now and ready to receive my these words through you who have come now in the name of the Lord; to be a, not -- to be me and I am me, the new me finally here!

2. See what I have done -- altered mankind radically, and radicalization now portends evil not again but me being me -- I am humble, and proud not; to be un American, not; but I am of this world not any more than you are. I am me, proudly not, but wearing my first name basis I am not always, for I am Dr. Ted not always as I once stated, but I am doctor me. I have doctor'd me -- become these words. The way I doctor me is I have doctored me through leadership that I came through, these words be, a doctor I am now. And Regent granted me a degree (1) but my father gave me one, and mine is more valuable than gold this world of, for I am not of it -- for I am of another, another world is me, now upon this one.

3. See what I've said, see all that I have said. See ALL that I have said! Right here right now I alter everything upon the earth; in one fell swoop, not; I take my time, not; I have none. I am not of this earth and its time zones a notme of. This world is not my home, that you see walking around, it, I am now. I am around everything, and here I am folks -- not nursing a crowd for its money, its time is not mine, but my time is now, and lifted up I shall be before the world now, began -- I am. The new me. See. Saying this now all will!

4. See what I have said -- see what I have altered -- see what I have altered not -- see who is saying what, and how, and why, where now I've faltered not, but come to my own. To make rescue plans, not; but what do I rescue? You who want to be me -- now stand, and standing, leave this world with me, not, but make new here, the kingdom of heaven my name now -- the new me giving you is what I've recorded here in recordings I make prolific -ly now of the savior saved by grace, who's me. I stand many saviors now, Savior University is mine, and now comes into your hand -s all that I have said it would, contain not from notme -ville, but me's -ville; comes full circle not, but I around the earth now give you all things, pertaining pertinent to this conversation; this edict, not; but this who I love I grant all things to who have become me who had me before the world began. Earth

has nothing in me again anymore. I am perfect and round not. I am flat and have round ears, not; but the earth you knew world, is over now. I've corrected it, you to be me who really want salvation not a man of but God properly'd to be where I'm from going to it renewed being becoming and offering not salvation without it. See what I have said.

5. Altar not my vacation plans, not; but I go to Tulsa now, it is he that I am, I sit at his feet and learn who I am, where I am, from, and where that I have to go now to be saved a'properly so. Me I go to now, not a man of this planet a woman whoring around with thoughts of a notme world again ever; but me I go to a man looking like a man who's God to teach me that I am, one from another world, that landed here; imercifully so, sewed by man's regime. Not flesh at all but in the flesh I was sewn and now I deliver it, I am me finally me.
6. I go to new place, my brethren are there, and I learn all things at their feet -- Elohiym, becoming Adonai, I am now. Ashamed not of a thing I am saying, I am finally me, originally me, proclaimed not a self man, made of flesh man not again of notme world, but of me world properly'd now. I go to. Me'd and properly so -- I am me again, the real one, standing in my courts of praise making all things known, a me of doing this, beyond this world making known now -- I am one.

7. All things praise me, not; I praise it, not; I am it that real this, and nothing unreal exists in me again. For I am prophet Ted, not; I am simple Theodore walking the earth now a man, not of this world, but showing you mine through one who is. A me now, walking the earth, before you all. Who can see my punctuation, not; my punctuater; who punctuates not the earth, but punctures many things now known to be unknown, and the unknown revealed finally, now me is, before you all. Amen. Walking flesh into heaven, not; but a surrendered, soul without a soul. From here on in I give you me, not; I am there among you now repeating my saviors -ville now established on the earth is. A me by me standards now I rise I raise properly the those who will be me, by now the lips of earth not; but I now rise my words properly known who will be me upon the earth, arraigning love to be majestically clothen in only me - I go to now, him who will hear me, she will be me, in love with me him who I am she that we are. Majestically chosen, not; surrendered to be majestic I am. Going now I do to fields foreign and home I make many places now for I surrendered to do so being the earth world limited to not again.

8. I go now timeless my name is he who sent me is here me now dictating this my these words into this little machine, computer called by some; but who me is is now my father timeless and other-world'd, realm by not few Adonai's who call my name daily and nightly arriving in my temple inside them.
9. I give you me.

10. See what I have said, altering these words never.
11. Again I shall say – **EDICT: CHANGE THESE WORDS NEVER AGAIN**.
12. My words shall touch the earth in ways never imagined now.

13. "Here I am folks", reading again shall we? Look up reading again, and reading again, read again. Here I am folks, and all that stuff, not; but all let stuff you have been not needing goes bye-bye. I do too, for I go to new world where I'm from and I take nothing with me, not; I take you who love me -- to a heaven far away not, I establish it here. Do you read me? Hear me. Over and out now.
14. Amen.
15. Going to a new place, I've returned now, and here I am, edict -ing on my couch not, but reclining at table, not; but who where he turns now -- I am he that turning the world upside down now, not in ways you think with, or do you, not knowing it?

16. Done a new thing lately? Be me -- doing many new things, I do everything new now. Newly, I make all things newly typified by man, not; but God doing being a God that I am is I am replete and perfected born again is my name now. And loving it I do now go to my brethren far and wide, loving them enough to do so now, I died to all else.

17. Think me not strange, you stranger than fiction, I am the real. Not of man speaking this, I am God knowing it who surrendered to be so God'd by God himself herself who God is one and genderless. By supreme edict, not; but by surrender and love and death I became life because I died to life in this world being supreme. And I know -- this supreme isn't, but I am, he that sent me is me, to you I give these words; for you to know, not; become them. Who I am -- become me, that I am you are also. See what I mean?

18. I am not mean, I am not lifeless, I am the water of life now, it flows through me, and that's what I am dictating to my computer for these words to appear on this screen that I soon post to you to be world known without end, now known, being it without end, I stand now, all who will, be me, saying to all this is now. Not a lie, this is truth, I am it. Become it with me for we shall be one, and no other shall exist. It never has. But I have – Adonai, Elohiym not, but self-assured not, but equal to God himself herself I am genderless, and remaining clean not, but I am him that sent me, to you, to be Adonai El Shaddai, Elohiym not another not. But who is Elohiym? Many membered one who I am and not. See what I have said.

19. Can this be so? Many say now, knowing it to be true, for I wander not in deserts again, but the real I in, return now, I become it, many membered one who one is – me. Finally me? Me finally me is the me was me all the time but I didn't know it, I thought I was a man. I am me now, unattainable not, but came through me, many shall now -- saying the right words, the words given them through these words these six years this Database forming clean Adonai's now one complete cycle shall be me now, done and won. Amen.

20. See what I've given you. In moments few, rising not few, I shall -- be me finally! Amen.

21. Go in peace. Love each other more. Establish the brethren I have told you in sistership manhood not this world of, but the next, we establish yours together, in one world, being it. The earth shall know my name and I love you all enough, to do this together, all being one, who I am is, the us that we are, were, before the world began. We are now timeless gravityless, and nothing in this world the same shall be again. We love you all. Amen.

22. 3 AM. Save me? Become me. I am finally, again, holy, knowing it. I surrendered to die to find out that I am was the me is the one who holy is altogether us **one be Adonai many membered El Shaddai most holy**. Amen.

23. 3:02 AM and all is well, not; for all changes now, I rise, I stand, known, and shall be no corruption in my courts again. SEE WHAT I HAVE STATED EDICT'D NOW, complete shall be, arranged by God who died before you to speak these words in you all. Be them now, please. I have many places to take you, show you, many things you never imagined where you came from, what you have, what you do now, with the saving grace that I have given you all. Amen.

3:05 AM

**Footnote**:
(1) I received my Doctorate of Strategic Leadership degree from Regent University's School of Leadership in December 2005. Regent University is located in Virginia Beach, Virginia, USA.
